

# WOMEN'S MINISTRY

The Women's ministry aims to enable the women of the church to meet for breakfasts, craft afternoons, events and time away - all to encourage our walk with Jesus and each other.

We would love to build a team of women from all walks and stages of life who are keen to serve and support this ministry through organising events and getting alongside other women in church. Would you like to be involved?

We would also love your prayer:

- Please pray for the relationships of the women at HT and for how we can walk together as disciples.
- Please pray against any spiritual attack that the ladies in HT might encounter and help them to know the biblical truths of their identity in Christ.
- Commit to praying for the women of the church
